

A dark, grayscale photograph of a modern building interior. The scene features several large, white, cylindrical columns supporting a ceiling with recessed lighting. The floor is highly reflective, mirroring the columns and the ceiling lights. In the background, there are glass railings and windows that look out onto a city at night, with some lights visible. The overall atmosphere is clean, industrial, and architectural.

COATINGS FOR INDUSTRIAL & COMMERCIAL FLOORS

EPOXIES

EPOXY CHEM-100 REGULAR 3 GAL.

Color: clear or pigment
Solids content: 100%
Mix Ratio: A: B-2:1

EPOXY CHEM-100 FC 3 GAL.

Color: clear or pigment
Solids content: 100%
Mix Ratio: A: B-2:1

EPOXY CHEM-PROOF SLOW CURE 2.5 GAL.

Color: clear or pigment
Solids content: 100%
Mix Ratio: A: B-4:1

EPOXY CHEM-NOVOLAC 2, 10, 100 OR 500 GAL.

Color: clear or pigment
Mix Ratio: A: B-2:1

EPOXIES

VERDECOAT EPOXY HPE HIGH PERFORMANCE EPOXY COATING

Color: clear or pigment
Solids content: 100%
Mix Ratio: A: B-2:1

POLYASPARTIC

POLYASPARTIC CHEM-1000 2, 10, 100 OR 500 GAL.

Color: clear or pigment
Working time: 15 minutes

POLYASPARTIC CHEM-1000WT 2 OR 10 GAL.

Color: clear or pigment
Working time: 25 minutes

VERDESEAL SBA POLYASPARTIC FAST CURE UV

Color: clear or pigment
Working time: 25 minutes

CRACK FILLERS

CHEM FILLER FC
2, 10, 100 OR 500 GAL.

Color: clear or pigment
Solids: 100%
